Benzoyl Peroxide (9.8%)	Acne Treatment

USE

- for the treatment of acne

WARNINGS

For external use only

Do not use if you

- have very sensitive skin
- are sensitive to benzoyl peroxide

When using this product

- skin irritation and dryness are more likely to occur if you leave on your skin longer than directed or use another topical acne medication at the same time. If irritation occurs, only use one topical acne medication at a time.
- avoid unnecessary sun exposure and use a sunscreen.
- avoid contact with the eyes, lips, and mouth.
- avoid contact with hair and dyed fabrics, which may be bleached by this product.
- skin irritation may occur, characterized by redness, burning, itching, peeling, or possibly swelling. Irritation may be reduced by using the product less frequently or in a lower concentration.
- do not puncture or incinerate container. Contents under pressure.
- do not expose to temperatures above 120°F (49°C).

Stop use and ask a doctor if

- irritation becomes severe

Keep out of reach of children. If swallowed get medical help or contact a Poison Control Center right away.

DIRECTIONS:

- clean the skin thoroughly before applying this product
- cover the entire affected area with a thin layer one to three times daily
- rinse off after 2 minutes
- because excessive drying of the skin may occur, start with one application daily, then gradually increase to two or three times daily if needed or as directed by a doctor
- if bothersome dryness or peeling occurs, reduce application to once a day or every other day
- if going outside, apply sunscreen after using this product. If irritation or sensitivity develops, stop use of both products and ask a doctor
- to be used as a short contact application

OTHER INFORMATION

- store at room temperature 15°-25°C (59°-77°F).

Protect from freezing. Store upright.
